

**GRADUATE DIVISION
PHS TRAINEESHIP/FELLOWSHIP COMPENSATION FORM**

A PHS Trainee/Fellow may receive **compensation** as a Graduate Student Researcher (GSR) or Teaching Assistant (TA) or similar title up to **a maximum of 25% time per month during the trainee's/fellow's appointment to the training grant/fellowship**. Short-term exceptions of one quarter may be approved by Graduate Division (M/C 0003), but in no case will the trainee/fellow be allowed to average more than 25% employment per month per year.

A trainee/fellow may be compensated as a GSR from a federal grant, including a PHS research grant; however, compensation may not be paid from a research grant which supports the same research that is part of the trainee's/fellow's planned training experience approved in the training grant/fellowship application. **The signature of the Principal Investigator below verifies that 1) this condition of compensation will be satisfied, and 2) any compensation will not detract from or prolong the approved training/fellowship program.**

Graduate Program: _____

Trainee/Fellow: _____

PID: _____

Type of Supplementation (GSR, TA, Assoc., Reader): _____

Percentage of Time: _____

Period of Compensation: _____

Exception to 25% employment maximum?

Yes

No

For Graduate Student Researchers only:

Index number to be used for compensation: _____

Does this research grant support the same research that is part of the trainee's/fellow's planned training/fellowship experience as approved in the training grant/fellowship application?

Yes

No

Principal Investigator: _____
