SUBJ: Important Message about GEPA Collab Migration

As you may have read in [a recent email](#), the IT Services instance of Confluence (collab.ucsd.edu) migrated to a new cloud-based version last weekend. GEPA heavily utilizes this tool for communication with our campus partners and will be working over the coming weeks to ensure a smooth transition. Links with the prefix “collab.ucsd.edu” like <https://collab.ucsd.edu/x/voOQAg> will soon be outdated and eventually will break. Should you notice a broken link with this prefix on the GEPA website or elsewhere, please submit a [SNOW ticket](#) with the subject “GEPA Collab link Broken.” Thank you in advance for your patience as we work to update all the instances of these links.
